

Contractor Participation Workshops

Contractors Needed for Energy-Saving Home Improvements

Your local utility providers are offering attractive rebates to homeowners who use a *participating contractor* to install energy efficiency upgrades. Rebates up to \$4,000 per home!

JOIN US...

Learn how you can energize your business by becoming a participating contractor in the Energy Upgrade California program and how EUC is designed to benefit your career, life of your clients, environment, and the State of California! For information on additional rebates and incentives check, www.energyupgradeCA.org.

In addition, the County of Santa Barbara's emPowerSBC program will offer low-cost financing to help homeowners pay for the remaining cost of these improvements.

To participate, contractors must attend a Participation Workshop, submit an application and meet certain training, license, insurance and certification requirements.

at our next Energy Upgrade California information session and learn how to be a participating contractor!
